[quinnclimbs@gmail.com](mailto:quinnclimbs@gmail.com)

## Skills

- C#
- React
- CSS
- Restful API
- VueJs
- Auth0
- MySQL
- MongoDB
- Scrum
- Python
- Azure
- Angular

## Education

- CodeWorks  
Full-Stack Development  
Certificate Of Completion  
08/2021 - 11/2021
- College of Western Idaho  
General Studies  
08/2018 - 11/2019

## Applications

- Azure  
Promptly resolving bugs and submitting change requests for azure functions.
- Bug Tracker  
Node.js, Vue, Mongo DB, Auth0 Able to track and create bugs, then soft delete closed/solved bugs.
- N.G.A.T  
C#, ReactJs, SSMS, SQL, Auth0  
Developed a ReactJs FE page and form components, and developed CRUD Api's in C# Backend.
- Keepr  
C#, Vue, MySQL, Auth0 Able to create vaults and keeps. Put keeps in vaults, while keeping vaults private.
- React Component Library  
ReactJs, CSS, SCSS  
Developed 2 pages, and 5 dynamic components on POC.  
Used parented APIs to display I-Frame Graphs
- Trip'r  
Node.js, Vue, Mongo DB, Auth0  
Able to create Trips and supplies, mark pins for a trip on map. Even remove travelers.

## Experience

### Full-Stack Software Developer

InTimeTec 12/2021 - 04/2024

- Conducted thorough testing and debugging of C# and ReactJS codebase, promptly resolving bugs and submitting change requests.
- Developed CRUD APIs in C# for efficient data management, ensuring scalability and optimal performance.
- Converted PowerShell scripts into functional C# Applications, demonstrating proficiency in script conversion.

### Software Development Student

Codeworks 08/2021 - 11/2021

- Implemented scrum on a team of 5 developers, on a 2 week sprint application called Tripr. Worked on Backend C# server and postman Tests.
- Created 15 applications with a blend of some skills category.

### Warehouse Associate

Disney World 08/2019 - 05/2020

- Acknowledged by Supervisor for Efficiency, and making sure the warehouse is safe for associates. Filled in roles from manual to machine labor to cover where work needed to get done, if amount of labor in area wasn't enough.
- Encourage associates to compete in personal bests, and one on one competitions for productivity.
