### Professional Summary :

Detail-oriented Full Stack Developer with a strong foundation in modern web technologies and a passion for building efficient, scalable applications. Experienced in both front-end and back-end development, with recent focus on authentication systems and data-layer abstraction. Comfortable working in Agile teams and fast-paced environments.

### Skills :

Frontend: ReactJS, Vue.js, CSS, SCSS, Redux, Dynamic UIs

Backend: C# .NET, Python, Azure Functions, Azure Databricks

Database: Entity Framework, MySQL, MongoDB, SQL Server, SSIS

Authentication: Auth0

Scripting & Tools: PowerShell, Postman

Methodologies: Agile / Scrum

Principles: SOLID, OOP

### Projects :

- Tripr – Full-stack trip management app with maps integration. Vue.js, Node.js, MongoDB, Auth0.
- Keeper – KeyVault app built with Vue.js, MySQL, C# .NET, Auth0.
- React Component Library – Dynamic layout/component system rendering pages from JSON configs.
- Bug Tracker – CRUD bug-tracking app using Vue.js, Node.js, MongoDB, and Auth0.
- NGAT – Maintained and extended React/C# full-stack app using EF and SQL Server.
- Azure Functions – Debugged/enhanced backend systems; automated workflows in Python.

### Experience:

Ozark Canopy Solutions — Full Stack Developer

Remote | May 2024 – Present

- Implemented a reusable Generic Repository pattern for managing data entities.
- Developed and secured the app's authentication system.
- Supported backend C# API architecture and Entity Framework workflows.

InTime Tech — Full Stack Developer

Meridian, ID | Dec 2021 – Apr 2024

- Contributed across multiple scrum teams on ReactJS/C# .NET full-stack projects.
- Designed invoicing screens (React + Figma) and automated PDF generation with Azure Databricks (Python).
- Migrated legacy PowerShell scripts to modern C# equivalents, improving efficiency.
- Developed and maintained CRUD APIs and SSIS packages.

CodeWorks — Software Developer Student

Boise, ID | Aug 2021 – Nov 2021

- Built 15+ web apps covering front and back-end technologies.
- Practiced Agile and pair programming using 2-week sprint cycles.

Amazon / Disney / DoorDash / Pizza Hut

Orlando, FL & Boise, ID | 2015 – 2021

- Logistics and customer service roles, recognized for efficiency and teamwork.

Education :

- CodeWorks – Certificate, Full Stack Development | Boise, ID | Aug 2021 – Nov 2021
- College of Western Idaho – General Studies | Boise, ID | 2018 – 2019
- Boise High School – Class of 2017
